How to use this brochure

This brochure showcases some of the highlights of the New Crossland. Please note that some of the vehicles shown include options available at extra cost and not all of the features described are available on every model. You can click through to the New Crossland Price and Specification Guide for all the latest details.

Versatility has never looked this good.

Vauxhall's most practical SUV is now even better. With just one look you'll notice the unmistakable Vauxhall Vizor and much wider stance. Step inside and you'll experience improved comfort and premium styling with all the space and versatility you've come to expect. Then get behind the wheel and enjoy an all-round smoother, more commanding drive. So, let's take a closer look.

Never go unnoticed.

New Crossland delivers Vauxhall's bold new design language. From the front, the dynamic new Vauxhall Vizor takes centre stage, flowing effortlessly around the LED headlights. This new look is complete with a high-gloss black tailgate panel with Crossland lettering, and a fresh set of alloy wheel designs. Go for the sportier SRi Edition and really stand out with red window accents* and a contrast black or white roof, not to mention a unique SRi sports interior complete with striking red seat stitching and facia inserts.

*Selected exterior colours only.

Arrive in style.

Crossland's interior is now classier and more comfortable than ever.

You'll love its thoughtfully uncluttered interior, with plenty of space, light and all-round visibility. New, premium-class highlights include smart new fabrics, like the Alcantara cloth, and a unique SRi interior made all the more distinct with striking red seat stitching and fascia inserts.

So wherever New Crossland takes you, you're sure to arrive in style.

Sitting comfortably?

Sit back and enjoy the ride in Crossland's intuitively designed interior. Ergonomic active front seats keep things comfy, while the option to have them heated – along with the steering wheel – adds an extra level of cosiness. And as you're sitting comfortably, you can enjoy the Crossland's touchscreen infotainment and satellite navigation at your fingertips.

Real life ready
Space is generous in New Crossland. And you can split it, expand it and make it even more flexible. The boot's a generous 410 litres, and with a simple slide or fold of the rear seats, you've got space for anything from giant plants and awkward pushchairs to a car full of kids and a boot-load of flat pack furniture.[1]

Space to start living
You can split the rear seats 60/40 and slide them forward or back[1] to expand the boot space up to 520 litres. Or, if you flip the back row of seats flat, you've got a whopping 1,255 litres.

Fold and Flex
The rear seat backs and armrest[1] fold down separately to make room for storing long and unwieldy objects. While the FlexFloor load compartment increases functionality even further, allowing you to lower the load area floor if you need more space[1].

[1]Standard on certain models only.

Turn it up.

There's nothing quite like a long drive with your favourite music. That's why New Crossland brings you the new Multimedia infotainment system, that connects to your mobile device using Bluetooth®, Apple CarPlay or Android Auto™, and projects it seamlessly to the 7-inch colour touchscreen.[1]

What's more, you'll get satellite navigation as standard on selected models too.

[1]Compatibility and certain functions may be different depending on the type of device and operating system you're using with the Multimedia systems.

Best mates with your mobile

There are less plugs and more play with the Multimedia infotainment system. It connects through the USB[1] and projects your phone onto the high-resolution 7-inch touchscreen display, perfect for connecting all your devices and streaming audio. And with digital radio too, the musical possibilities are endless.

It knows its way around

With 3D navigation on the big 8-inch colour touchscreen, the Multimedia Navi Pro gets you where you want to be – fast. It'll even search for a point of interest like the nearest car park or petrol station and then direct you to it. Genius.

For more detail on the Crossland's infotainment features please click through to the Crossland Price and Specification Guide, **vauxhall.co.uk/gocrossland** [1]The majority of phones, MP3 players and tablets can be connected by either Bluetooth® or USB connection. Please note, you may need to change your connection method (i.e. from Bluetooth® to USB cable) if you want to access another function on your phone. Apple CarPlay is a trademark of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc., also registered in the U.S. and other countries. Please note that compatibility and certain functions may be different depending on the type of device and operating system you're using with the Multimedia systems.

Making every day easier.

Stay safe and one step ahead with the Crossland's innovative safety features. A super smart front-facing camera looks out for you, warning you if you drift out of lane and reading speed signs to help you stay within the legal limit. While a rear facing camera[1] makes light work of tight parking spots, with sensors that warn you if an object gets too close.

Completing the list as part of the optional Safety Pack is an intelligent driver drowsiness system and sensors that alert you if you need to brake suddenly, or even automatically apply the brakes... we told you it was smart.

[1]Standard on certain models.

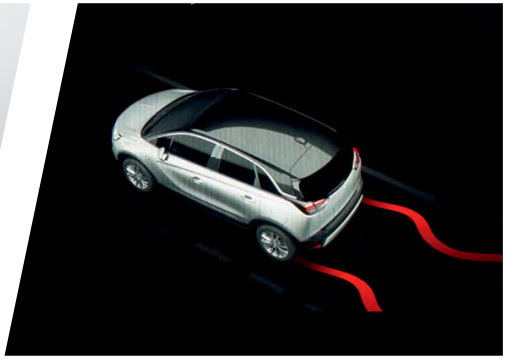

Speed sign recognition
Smarter, safer and helping you avoid fines, the Crossland's speed sign recognition system detects and alerts you to current and changing speed limits.

Automatic emergency braking[1]
When you're out on the road, this ingenious system detects both vehicles or pedestrians and warns you should you be approaching them too fast. In certain situations, it will even brake automatically to slow you down, how clever is that.

Lane departure warning
If you drift out of your lane without signalling, this warning system alerts you with a sound and a visual warning.

Driver drowsiness system[1]
This potentially life-saving safety feature monitors your driving time and behaviour to help prevent accidents if you seem tired.

[1]Standard on certain models.

Efficiency made fun.

New Crossland is driven by a range of super-efficient petrol and diesel engines with manual or automatic transmissions to suit every driving style, from school runs and city commutes, to weekend road trips and family breaks. And thanks to the new and improved chassis dynamics, Crossland is even more fun to drive. Not only is it agile and smooth, but it's more commanding too.

Simply brilliant.

From the smart to the range-topping, New Crossland's line-up gives you plenty of ways to turn heads. So, whatever look you're going for – stylishly understated or seriously sporty – there's a Crossland made for you.

DISCOVER THE RANGE

The finishing touch.

Crossland's new style wouldn't be complete without a head-turning colour. So, for New Crossland, we created a range of brilliant, metallic and premium finishes to shape your perfect mood. As well as a range of roof colour combinations. Here are our favourite mixes.

Navy Blue
Two-coat metallic*

Jade White
Brilliant**

Diamond Black
Two-coat metallic**

Quartz Grey
Two-coat metallic**

Moonstone Grey
Two-coat metallic**

Power Orange
Two-coat premium**

Hot Red
Two-coat premium**

*Standard exterior paint for New Crossland. **Optional at extra cost. Please refer to the latest New Crossland Price and Specification Guide for details of colour availability by model and price, by clicking through to **vauxhall.co.uk/gocrossland** The colours reproduced may vary slightly from the actual paint colour. As a result, they should be used as a guide only. Your Vauxhall Retailer has a comprehensive display of our paint samples.

Step inside.

Whichever New Crossland model you choose, you can expect premium styling and out of this world comfort.

You'll be sitting pretty

Our ergonomic active front seats[1] can be fully adjusted so you're always sitting comfortably. Designed to help you avoid back pain on long trips, they've been approved by an independent committee of Germany's finest back health experts and medical professionals.

16-way adjustable seating gives you plenty of settings for the lumbar area, seat cushion, and seat position.

[1]Standard on certain models, the ergonomic active front seats are certified by the AGR (Aktion Gesunder Rücken), which translates as the Campaign for Healthier Backs.

Complete your Crossland.

Crossland is spacious, versatile and looks the part too. But who doesn't need some little extras to make their car just right?

Whether you're doing the school run every day, planning a big road trip or just like to look good, there's a handy accessory designed to make Crossland do even more for you.

Cargo liner
The ideal protection for your load area.

Dog guard
Keep your furry friend safe and comfy, and those paws off the seats.

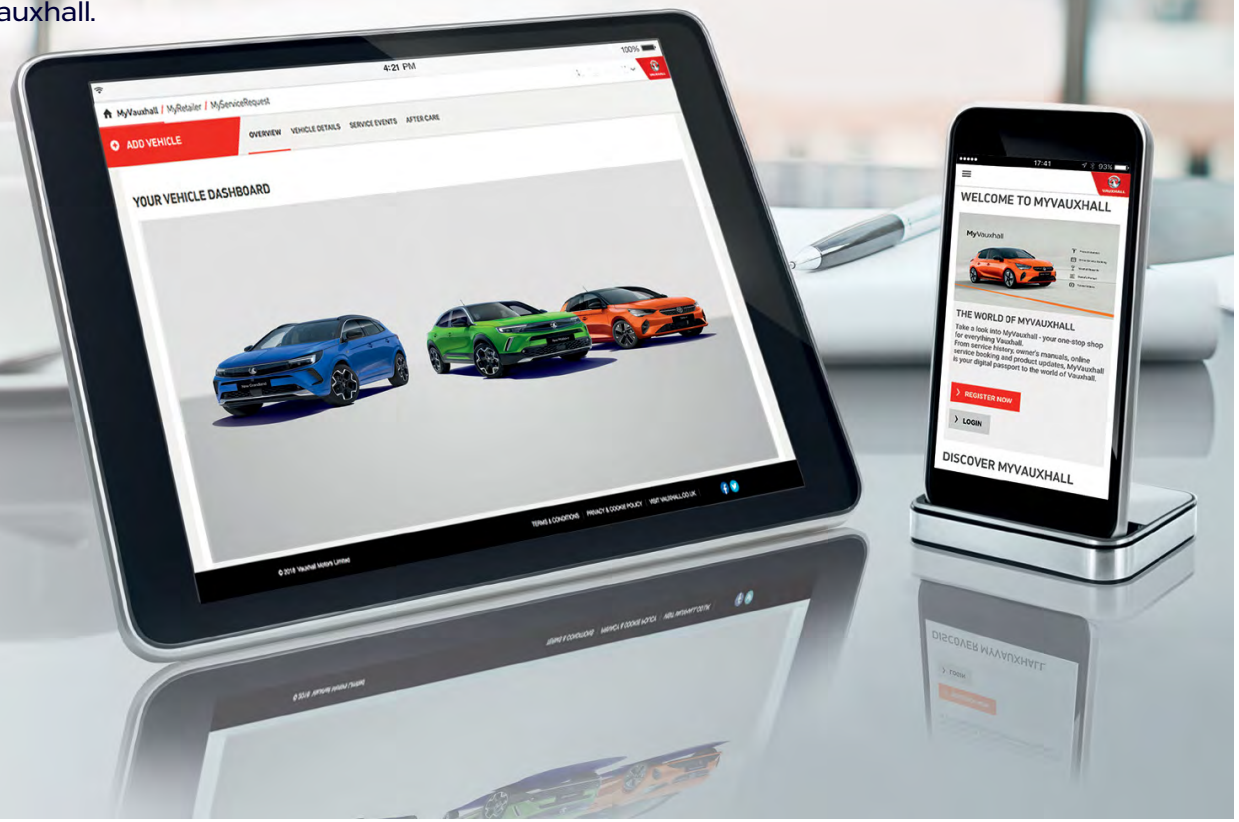

Side steps
Go on, add a touch more rugged style to your new Crossland

Get more with MyVauxhall.
